

Mt. Pleasant Ophthalmology, P.A.

DISEASE AND SURGERY OF THE EYE

Amsler Grid

1. Wear your reading glasses and cover one eye.
2. Focus on the center dot for one full minute.
3. While looking directly at the center, be sure that all lines are straight and clear, and all the small squares are the same size.
4. Repeat the test, with the other eye.
5. If any lines or squares appear distorted, wavy, blurred, discolored, or otherwise abnormal, call the office right away.
